Comment: These shipments were reported previously.

25X1

Comment: The two shipments were reported for the first time.

Comment: Probably empty shells returned to the USSR.

Comment: The outgoing shipments were consigned to wellknown amounition.

Comment. The outgoing shipments were consigned to wellknown amounition depots in Sast Garmany. As compared with the preceding period the volume of incoming shipments has increased. It is unknown whether this increase was due to better coverage or whether it really represents a higher volume of incoming amounition shipments.
